TB-1322PV & TB-1622PV BUCKET CLEANING HAS NEVER BEEN EASIER

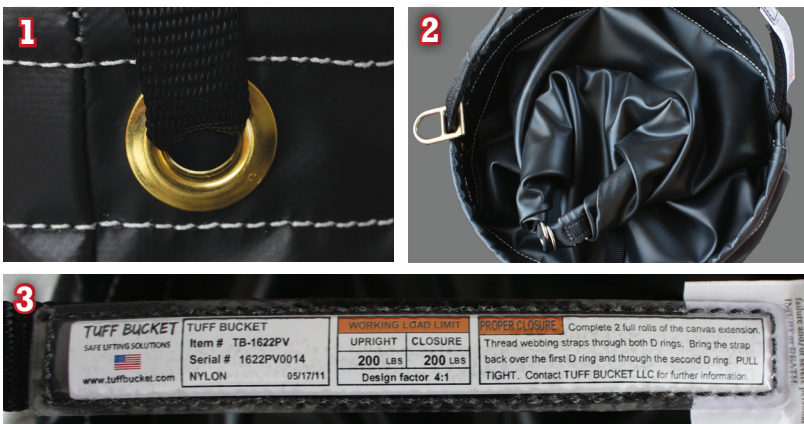

The TB-1322PV and the TB1622PV were created to withstand the harshest conditions imaginable. The vinyl coated polyester material that this bucket is made of allows for easy clean-up of oil, grease, and natural cleaners that would otherwise saturate a canvas bucket. The vinyl coated polyester material provides an exceptional abrasion resistant element to these buckets.
