Noshok Pressure Gauges

400/500 Series all stainless steel pressure gauges

Noshok 400 (dry) and 500 (liquid filled) Series all stainless steel pressure gauges are the ultimate in corrosion resistant, heavy-duty vacuum and pressure gauges. They are used in corrosive service world-wide where ruggedness and reliability are critical. Typical applications include chemical and petroleum refineries, pharmaceutical, offshore drilling and production, papermills, fertilizer, and everywhere a corrosive application demands vacuum or pressure measurement.
