# Quality Lab Tools for Life Science & Chemistry

BRANDTECH® Scientific provides labs with easy to use, reliable tools to help researchers get their work done efficiently, comfortably, and safely. Products include: BRAND® liquid handling instruments, life science plastics, and BLAUBRAND® volumetric glassware; VACUUBRAND® vacuum pumps; VITLAB® volumetric plastic labware; and BOCHEM® stainless steel laboratory support jacks.

## Liquid Handling Products

Accuracy, reliability, ease of use, and simple maintenance are the hallmarks of BRAND liquid handling products.

The HandyStep® touch is the first electronic repeating pipette with touch screen operation and motorized tip ejection. The simple interface brings all the advantages of touch screen efficiency to your laboratory.

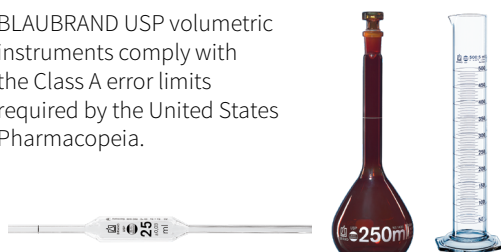

## Life Science Plastics

BRAND life science plastics are manufactured to exacting standards, from the highest quality virgin resins, under clean room conditions. They deliver reliable, consistent results batch after batch.

## Class A, USP, Volumetric Glassware

BLAUBRAND USP volumetric instruments comply with the Class A error limits required by the United States Pharmacopeia.

## Plastic Labware

VITLAB plastic labware is manufactured in Germany using only high-quality materials for excellent results in demanding laboratory applications.

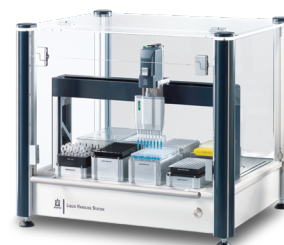

## Laboratory Support Jacks

BOCHEM laboratory support jacks feature stainless steel lift mechanisms constructed entirely of 304 stainless steel with POM rollers for corrosion resistance and long service life.

## Automated Liquid Handling

BRAND Liquid Handling Station brings automation to the benchtop.

## Vacuum Pumps, Systems, and Gauges

VACUUBRAND has been a pioneer in laboratory vacuum for over 40 years and is recognized globally as the leader in oil-free diaphragm vacuum pump technology.
